Construction Project Manager

OWCareers | UAE

Started in 2014, serving Middle East, Europe and Americas, it is one of the most advanced job portals that offers assistance to job seekers through state-of-the-art virtual assistance for job search, specifically designed services for senior professionals. Here, I work as Finance Manager responsible of a number of achievements including:

- Successfully managed a portfolio of construction projects, ensuring timely completion and adherence to quality standards.
- Implemented lean construction principles, resulting in improved project efficiency and cost savings. Led project teams in resolving complex issues and conflicts, fostering a collaborative work environment.
- Conducted regular site inspections to monitor progress and ensure compliance with safety regulations. Developed and maintained relationships with clients, subcontractors, and vendors to facilitate project success.

2010 - 2018

Senior Project Manager

OWCareers | UAE

Its mission is to facilitate job seekers in overseas employment and provides visa, ticketing and job search assistance services to professionals of Pakistan. Here, my key achievements include:

- Assisted in the management of construction projects, coordinating with subcontractors and suppliers to ensure timely delivery of materials and services.
- Conducted cost analysis and budget tracking to identify cost-saving opportunities and mitigate budget overruns.
- Participated in the development of project schedules and timelines, monitoring progress and adjusting plans as necessary.
- Supported the implementation of safety protocols and procedures, promoting a culture of safety among project teams.
- Prepared project documentation and reports, ensuring accuracy and compliance with organizational standards.
