Experienced Telecommunications Project Manager adept at overseeing end-to-end project lifecycles, ensuring seamless execution of telecom initiatives. Skilled in stakeholder management, resource allocation, and budget control. Proficient in Agile methodologies and telecommunications technologies, with a proven track record of delivering complex projects on time and within budget. My detailed professional experience is as follows:

### Senior Telecom Project Manager Jan 2018 – Present OWCareers

Started in 2014, serving Middle East, Europe and Americas, it is one of the most advanced job portals that offers assistance to job seekers through state-of-the-art virtual assistance for job search, specifically designed services for senior professionals. Here, I work as Finance Manager responsible of a number of achievements including:

- Successfully led the implementation of a nationwide 4G network, reducing latency by 30% and increasing network reliability by 20%.
- Spearheaded a cost optimization initiative, resulting in a 15% reduction in project expenditures while maintaining service quality.
- Streamlined project workflows by implementing Agile methodologies, improving project delivery time by 20%.
- Negotiated contracts with vendors, saving the company \$500,000 annually on equipment procurement.
- Received recognition for outstanding project management, leading to a 15% increase in customer satisfaction ratings. Develop and implement a strategic plan to achieve the center's goals and objectives by analyzing market trends, identifying target audiences, and planning future programs and services.

### Telecom Project Manager Jan 2018 – Present OWCareers

Its mission is to facilitate job seekers in overseas employment and provides visa, ticketing and job search assistance services to professionals of Pakistan. Here, my key achievements include:

- Coordinated the deployment of satellite communication systems in remote regions, expanding network coverage by 40%.
- Implemented a disaster recovery plan, reducing downtime during network outages by 50%.
- Mentored junior team members, resulting in a 25% increase in team productivity.
- Led the migration of legacy systems to cloud-based platforms, improving scalability and reducing maintenance costs by 20%.
- Received the "Employee of the Year" award for exceptional contributions to project success.
